**USF School of Library and Information Science** (Visiting until August 1996)

- Provide undergraduate coursework in the areas of information literacy and web design
- Provide graduate coursework in the areas of genealogical librarianship and indexing/abstracting

## ***Primary Interests and Specializations***

Drew Smith has made a career involving information/computing resources and services at large research-oriented universities since 1978. His current interests and specializations include:

- genealogical research, especially as it applies to academic research, instruction by public librarians, and service to the community
- podcasting, especially as it applies to the promotion of academic research and the use of an academic library's special collections

## ***Publications***

### ***Publications, Articles, and Conference Proceedings (Peer-Reviewed)***
