Student	PY2		Keeping up-to-date with the book editions required for classes.	Ebook
Student	PY2		Coming into classes to discuss which mobile apps are available for free to download would be extremely helpful.	In-class training
Student	PY2		Buying access to JAMA, ACCO, etc articles to make it easier for students to have access to articles for research/studies.	Journal
Faculty/Fellow		PCR	CHEST journal	Journal
Student	PY2		Given some credit to students account to purchase article that are not available	Journal
Faculty/Fellow		DPS	ILL	Journal
Faculty/Fellow		PCR	The Senior Care Pharmacist (formerly The Consultant Pharmacist) Journal of the American Society of Consultant Pharmacists. Has a lot of pertinent articles for the care of older adults.	Journal
Student	PY1		Additional mobile apps such as clin pharm and/or others such as lexicomp would be amazing	Mobile DI apps
Student	PY2		Having access to subscriptions for apps	Mobile DI apps
Student	PY1		I think that making it where the mobile app were easier to download and use with the USF Health login, that would be great!	Mobile DI apps
Student	PY2		I would like to have free access to drug information apps that would help my tremendously during my rotations	Mobile DI apps
Courtesy Faculty/Preceptor			John Hopkins iD app	Mobile DI apps
Student	PY1		Mobile apps	Mobile DI apps
Student	PY1		Mobile apps	Mobile DI apps
Courtesy Faculty/Preceptor			Mobile apps such as Micromedex or Clin Pharm would be very helpful as a preceptor to look up clinical material and facilitate learning for the student.	Mobile DI apps
Student	PY1		mobile apps to drug databases	Mobile DI apps
Faculty/Fellow		PCR	Discount for faculty for Lexi-Comp to use at clinic sites for patient care and student resources	Mobile DI apps Lexicomp
Student	PY3		Lexicomp is not working now through the electronic Shimberg library.	Mobile DI apps Lexicomp

Student	PY1		Lexicomp mobile app	Mobile DI apps Lexicomp
Faculty/Fellow		PCR	lexicomp mobile app for faculty/students	Mobile DI apps Lexicomp
Student	PY4		Lexicomp mobile app is nice to have on rotations; Up-to-date mobile app is also good option and I think it is a little cheaper.	Mobile DI apps Lexicomp
Courtesy Faculty/Preceptor			Lexicomp mobile or adding uptodate	Mobile DI apps Lexicomp
Faculty/Fellow		PCR	Pharmacist Letter - faculty should have access to the same resources students have access to/use	Pharmacist Letter
Student	PY2		pharmacist letter subscription	Pharmacist Letter
Faculty/Fellow		PCR	Pharmacist's Letter	Pharmacist Letter
Courtesy Faculty/Preceptor			Access to a natural medicine resource and Lexi-comp would be helpful, to have other sources to refer to. Access to journals would also be helpful since we require journal club presentations during the rotation.	Preceptor access
Courtesy Faculty/Preceptor			Mobile apps, subscriptions to websites for journals	Preceptor access
Faculty/Fellow		PCR	Covidence	SR Software
Faculty/Fellow		PCR	I have asked for Up To Date previously, and highly value this resource. I do have access now through TGH, but otherwise have access to all resources I need/use.	UpToDate
Student	PY2		Please, please! Add UpToDate (the app as well). College of Medicine has it, so it is only fair for Pharmacy to have it too.	UpToDate
Staff			My job duties do not typically include research, but I am aware that the library is a resource that is available to me. Sorry I wasn't much help in this survey! I do enjoy when the therapy dogs come around though.	
Student	PY2		Pharmacist Letter subscription through Shimberg! I know there are instructions on the Shimberg website with how Walmart is sponsoring it for students but it doesn't work at all. Also UpToDate and JAMA!!! Please, I beg of you. So many articles on JAMA that we need access to and they have great interactive videos and content for students. An EndNote class that isn't during COP class times. I'd love for there to be an EndNote lecture for COP students because students are using citation generators for AMA style and it's killing me on the inside. A How-To on how to use Lexicomp on your phone app. Also a How-To guide for how to do AMA Citations like Purdue's. Or a link to Purdue's AMA Citation Guide. I'd love for the Shimberg college discipline guides to be more comprehensive so that students don't feel so lost.	Pharmacist Letter Mobile DI apps Lexicomp UpToDate Reference training
Student	PY1		Practice test bank question to better assess knowledge	Test Questions
Student	PY4		Up to date available on USF Health Lib website	UpToDate
Faculty/Fellow		PCR	Up to date mobile app would be AMAZING!!	UpToDate
Student	PY3		Up to date!	UpToDate
Student	PY4		Uptodate	UpToDate
Faculty/Fellow		PCR	Uptodate	UpToDate
Student	PY4		UptoDate for p4s, lexicomp mobile	Mobile DI apps Lexicomp UpToDate
Student	PY4		UpToDate is an amazing resource for answering specific questions. Additionally, letting students know about certain medical information mobile applications would be helpful, as I had to borrow a Micromedex application access code from a student from another school, who I met on clinical rotations.	UpToDate
Student	PY3		UpToDate!!	UpToDate
Faculty/Fellow		PCR	UptoDate; LexiComp mobile app	Mobile DI apps Lexicomp UpToDate
Student	PY1		We used to have access to the mobile apps for Clinical Pharmacology. I really used being able to use both Micromedex and Clinical Pharmacology to compare the resources and because the each apps had its pros when trying to find different information. Lexicomp would be an amazing app to have access to as well.	Mobile DI Apps

Primary Role	Year	Department	If you have comments you'd like to share with us about the library or other educational resources available to you, please use the box below.
Student	PY1		Cleanliness is an issue especially when students don't clean up after themselves. Seating needs to improve in 24h. room
Student	PY1		Cleanliness is an issue for some students. Can Clorox wipes or some other cleaning wipe be provided to wipe down tables after messy students have used them?
Student	PY1		Great resources.
Student	PY1		Have a writing lab like what is available on main campus. Parking on main campus is just as bad as the health side and having a writing center on the health campus would be very beneficial.
Courtesy Faculty/Preceptor			I am unsure how to use the library while at work. If this is available it would be helpful to send instructions on how to access (Publix retail pharmacy).
Student	PY2		I love the library and 24/7 space! It's a great learning environment.
Student	PY2		I really like having free online access to textbooks. It is helpful and helps students save money
Faculty/Fellow		PCR	Krystal Bullers is an awesome resource! I learn a ton from her and she's always available for questions. She also does a great job teaching in our classes.
Staff			Library staff is incredible and most helpful.
Student	PY2		More comfortable chairs at all tables and desks
Courtesy Faculty/Preceptor			Orientation to the various resources available to preceptors who are located off-campus would be helpful.
Student	PY2		Please add more electronic books.
Student	PY1		Please do not allow med students to hog the 24/7 quiet space. They leave their things in there all day and they will be gone for hours at a time and will just have their bags sitting on the table so no one can sit there!
Student	PY2		Sometimes the computer lab is too cold, and the rules are strict where we can't bring foods or drinks in even though we are graduate students.
Student	PY1		Thank you for your service to students!
Faculty/Fellow		PCR	Thank you to the library team for being such an amazing source of support to our students to to faculty. Your contributions to courses, student programming, personal support and all the things done to make the library a welcoming place is amazing!
Student	PY4		Thank you.
Faculty/Fellow		PCR	Thanks! We are in need of additional regular workshops. I just am not sure of the best ones. I essentially do not know what I do not know.
Student	PY2		Wish the 24/7 quiet study didn't have giant stuck together tables. Wish it had more cubicle spaces for desk work, feels like it's a huge waste of space because only 12 of the desks that are currently in there take up a lot of space. Similar to the individual cubicles they have on the 1st floor of Shimberg. Brighter lighting in there 24-7 quiet study, it becomes so dull and hazy.
