This USF Shimberg Health Sciences Library is brought to you for free and open access by the USF Libraries Data and Assessment at Scholar Commons. It has been accepted for inclusion in All Assessment Data by an authorized administrator of Scholar Commons. For more information, please contact scholarcommons@usf.edu.
Objective: To determine how University of South Florida (USF) Health students are currently using USF resources and what services, resources, and amenities (SRAs) they would like to see in the future.

Method: A Qualtrics® survey was distributed to USF Health undergraduate and graduate students from the Colleges of Medicine, Nursing, Pharmacy, and Public Health in the Spring 2017 (n=362; 38% completed).

Used open-ended questions and focused on individual needs for academic success. By taking this non-traditional approach, we have learned that these respondents are interested in non-typical resources.
Top identified needs included:

- Library Services: databases, website,
- Space: study areas including group learning, the library’s 24/7, and the Well
- Student Services: bookstore, advising, financial aid, writing studio
What do you need from USF to be a better student?

Top identified needs included:

- **Physical Space**: More study rooms and quiet areas including college specific spaces located throughout USF Health. (other: comfort, temperature, ambience)
- **Curriculum**: Live and recorded classes available online
- **Wellness**: De-stress and relaxation spaces and activities. Mental health counseling
- **Library Collection**: Digital access to all textbooks and UpToDate
What Do You Need From the Library?
