While cleaning out some surname files (removing duplicates) I came across this review for a family history book:
Our Family Heritage: Hart Book by Anne G. McPherson Lee and Emma Lee Jarvis
"The HARTs of Pitt and Greene counties are ill-served by a work which proclaims the astounding philosophy (page iv) that "to have searched Court House records and cemeteries would have bogged down this book!" In fairness to all readers, this reviewer must say this is one of the worst family histories he has seen in several years.

Fairfax County Public Library's Virginia Room has more books to trade. Please respond to our volunteer, Fran, at Bfm1010 at cox.net and Frances.Millhouser2 at fairfaxcounty.gov . Be sure to include your mailing address in your email so that we can make your mailing label. There's an Excel and a pdf version of the same list, so I hope everyone will be able to open it. Apologies for sending attachments, but the county won't allow us to use file sharing services.

If you don't have anything to trade, please send a check for postage reimbursement (made out to Fairfax County Public Library) to

Laura Wickstead
Virginia Room
10360 North St.
Fairfax, VA 22030

Trades are allotted on a first-come, first-served basis. The volunteer will email you to tell you that the box has been sent to our mail room, and she'll include a list of which titles are in the box.

Hi all;

The Amelia Island Genealogical Society is sponsoring a half day seminar on Saturday, 21st April in Fernandina Beach.

The speaker will be George Morgan, author and co-host, along with Drew Smith, of the Genealogy Guys podcast. This program was originally to be held last September, but was canceled due to Hurricane Irma. The topics look wonderful and George is a fantastic speaker and genealogist.

Scroll down on the web site for info and registration info.

EXPLORE RELIC

March 2018 - The Ruth E. Lloyd Information Center for Genealogy and Local History (RELIC)

Start your historical journey here. RELIC's email newsletter highlights upcoming free events and happenings. Genealogy and local Virginia history is our specialty as a service provided by the Prince William Public Library. We're located at Bull Run Regional Library and you can always find more about us at www.pwcgov.org/library/relic<<http://www.pwcgov.org/library/relic>>

WHO'S YOUR CIVIL WAR ANCESTOR?

Manassas is a focus for the study of the American Civil War (1861-1865). If your family lived in the United States during that time, you can find a personal link to those exciting events. RELIC's Don Wilson will show how to find your ancestor's experiences in the War.

Subject: [Genealib] Advice on microfilm equipment

Message-ID: <CAOP=cAabQRdfJijcL1Lp8Cbpwk5o=WboM+hJCHAKjHH=r7P=6Q@mail.gmail.com>

Hello!

We are in the process of migrating our ST-200 and ST-200X microfilm scanners from a 32-bit to a 64-bit processor. Has anyone undergone a similar upgrade with their scanning equipment and computers? If so, did you have success in finding drivers for the scanner and camera for the ST-200 and ST-200X models? Or did you discover a patch, a program, or another workaround in order for both the camera and scanner to function?

At this time, ST-Imaging does not have any solutions for this type of conversion for these specific models, so any ideas from the group would be appreciated.

Please respond privately if you have any ideas to share concerning upgrading a ST-200 and ST-200X scanner from a 32-bit to a 64-bit processor.

Thanks,

Melissa C. Tennant

IGRA has added five new databases and updated three others. The preview will give you a good idea about our latest additions.

1914-1915 USS Tennessee, Palestine to Alexandria ? (images available)
 This database documents the 1,858 people who were transferred from Palestine to Alexandria on the USS Tennessee. The information available may have, in addition to the name, the nationality, town of origin, date of sailing. If a family was on the ship only the name of the head of the family appears, but you should see the number of family members on board. The database is in English.

1923-1939 Petah Tikva Death Registry ? (images available) The ledger is written by hand in Hebrew. In addition to the name you should find the age, sex and date of death.

1936 Voter list Knesset Israel, Tel Aviv (aleph-daled) ? (images available) This list of over 15,500 names includes the father's name, age, sex, address and the community they associated with. In Hebrew.

1921-1948 Marriage & Divorce Certificates issued during the Mandate Period ? (images available) This release adds another 860 to this specific collection. In Hebrew.

1947 Bat Yam Local Council Election ? (images available) A list of those eligible to vote in the local election. There are names and in some cases ages. In Hebrew.

October 1949, ?Operation on Eagles Wings? ? (no images) We bring an additional 3,505 records of individuals who came to Israel from Yemen in 1949.

Members of ?Hamekasher?, Jerusalem area Bus Service ? (images available) This partially handwritten Hebrew list gives the birth year for each member as well as the year they joined the cooperative and their address.

1963 Telephone Directory (K-L) ? (images available) This phone book is in English. The additional information may include the phone number, address, community, neighborhood.

The IGRA databases are now searchable to all registrants. The search results page is also available to all registrants. Additional details regarding most databases are only available to paid IGRA members. Certain exceptions exist due to requests of the specific archives.

Thank you to all our volunteers who had a part in making these databases available.

Hi Cynthia,

We do not have a recording of the presentation, but I will contact Connie Gray and see if she has electronic copies handouts she would be willing to provide to those who were unable to attend the presentation. Please email me outside this listserv at tfox at tsl.texas.gov<<mailto:tfox at tsl.texas.gov>> so that I can reply to you that way. Like many, we have have just cleaned out our storage area and books have popped up looking for a good home. Some came from donations (with minimal notations) while others were obtained from other libraries by prior librarian who NEVER turned down a book. Most of them are in areas we already have a good coverage in. All that I asked that you reimburse for postage. List is below.

Friends,
I asked a few people on the British floor to answer the FMP question. Here is the response I received:

I use FindMyPast in so many ways to help guests and to teach classes with here at The Family History Library. It is a very friendly website to use and has much to offer from indexes to images and search capabilities. The resources of records is vast for many places in the British Isles, but also throughout the world. I think it is the best for index capabilities in finding information. Try the different searches and the results may vary, but you may find what is being looked for.

1. The census for the British Isles is excellent for the 1841-1911 period of time including where British Army soldiers were stationed 1841-1871. The 1939 register is also a type of census that is available for use.
2. Civil Registration indexes are complete July 1837 to 2007 for England and Wales and are adding the mother's maiden surname to the birth indexes pre-1911.
3. Probate indexes are vast with some images.
4. Church Records for many parts of England, Wales, and Ireland are extensive.

5. Images are quite clear and usable.
 6. Vast amounts of record types are available and can be looked up in the A-Z search.
 7. Other ways to search are available for Church Records for separate searches on a specific record type such as baptisms in parish registers. These records types include, Newspapers, Directories, Emigration records, British Military, Church, Probate, Occupational, Criminal and petty session court records.
 8. FamilySearch has vast numbers of indexes and images for free. However, not all the collections on Familysearch are indexed. The indexes on Findmypast can be used and can help locate images of FamilySearch.org As a result, these two websites can be used to compliment each other. The same can be said for Ancestry and other websites to help locate images on Findmypast and Familysearch
 9. Vast capabilities and they keep adding new information which indexes are being added to by FamilySearch indexing. The record holdings are amazing. I would recommend Findmypast Library Edition as a wonderful tool for Family History and Genealogy.

Hi, All:

What year did PERSI become the PERSI Archive (1800-2009) when it was part of HeritageQuest Online? Due to a brain stall, I honestly don't remember if it WAS in 2009.

Thanks,
Nancy
