This Technical Report is brought to you for free and open access by the Mental Health Law & Policy at Scholar Commons. It has been accepted for inclusion in Mental Health Law & Policy Faculty Publications by an authorized administrator of Scholar Commons. For more information, please contact scholarcommons@usf.edu.

Baker Act data have been used for 22 peer reviewed journal articles, 45 projects that were/are part of AHCA’s funding for Medicaid related research, and 24 additional currently active projects or past projects from 2008 to present. In addition to being used to produce an Annual Report of Baker Act Data each year since 1997, there have been 103 ad hoc reports of Baker Act data created since 2002. These ad hoc reports are requested by a variety of stakeholders, including providers, agencies and advocates.

Details about these publications and projects can be found at <http://bakeract.fmhi.usf.edu/>

BAKER ACT TRAINING CONTRACT

For over a decade FMHI has had a series of contracts with the Florida Department of Children and Families that focus on training and technical assistance. The current contract is for three years and ends in June 2014. The work of this contract includes a) updating the Baker Act Training Manual, b) holding live, all day, statewide Baker Act trainings, c) developing and maintaining eight online training modules related to the Baker Act, d) providing technical assistance in the form of reports of data and responses to questions from a variety of stakeholders, and e) creation of Frequently Asked Questions documents that are put on the FL DCF website. The online modules are as follows:

- Introduction to the Baker Act
- Emergency Medical Conditions
- Individual Rights
- Law Enforcement
- Long Term Care
- Minors
- Suicide Prevention

Via this contract FMHI also developed and continues to maintain the Florida Guardian Advocate Training.

New to the latest contract are several web events, which are held live but then made available online. The first two have been completed, focusing on trauma informed care (Norin Dollard, Ph.D., and Victoria Hummer, Ph.D.) and suicide prevention (Tom Joiner, Ph.D.). Also in the most current contract is work to update the six hour training that DCF is required to provide to front line ALF staff for ALFs with Limited Mental Health Licenses.

Websites related to the Baker Act Reporting Center and Baker Act Training Contract work are listed below.

CURRENT CHALLENGES

The lack of dedicated state funding for the Baker Act Reporting Center has been a concern since 1997, but even more so in these difficult fiscal times. We are approximately one year behind on data entry because of this lack of funding. With funds from the 2012/2013 AHCA Medicaid Research contract it appears likely that we will be able to catch up on data entry in that fiscal year. But how to proceed in the future to maintain our Baker Act Reporting Center work, let alone to be able to produce more of the proactive analyses of data/reports that can inform our state, is not clear. We are looking to key stakeholders to work with us on this funding issue, the lack of which jeopardizes this valuable statewide resource.

Projects Approved to Use Baker Act Examination Data Since FY 2008/2009: Does NOT Include Studies that are Part of the AHCA Medicaid Study Listed in Table 2

1. The Impact of the Deepwater Horizon Oil Spill on Baker Act Examination Initiations in Florida
2. Evaluation of Florida's SAMHSA Funded Justice Diversion Trauma Recovery Initiative
3. Broward County Mental Health Court Evaluation: Ten Year Retrospective
4. Archival Data Study of Justice Involved Veterans
5. Guardianship for Persons with Mental Illness
6. Involuntary Examinations for Person who Die by Suicide (focus on persons who served in the military and on youth)
7. Follow-up Study of Children Under 6 Years Old Who Went Through the Prior Authorization Process for the Use of Antipsychotic Medications
8. Estimating the Effect and Cost Impact of Medication Compliance and Outpatient Services on Criminal Justice Outcomes for Persons with Serious Mental Illness
9. Marion County Mental Health Court Evaluation
10. Juveniles Who Are Involved with the Department of Juvenile Justice System
11. The Impact of Loss of Medicaid Enrollment on Children with a Serious Emotional Disturbance as They Transition to Adulthood
12. Profile of the Pinellas County Adult Drug Court Clients
13. Behavioral Health Service Utilization Among Heavy Users of the Criminal Justice System
14. Evaluation of the Florida Assertive Community Treatment (FACT) Program
15. Role of Non-traditional Acute Care Inpatient Facilities in Florida's Mental Health System and Relative Effectiveness of Different Antipsychotic Medications in Treating Discharges
16. Evaluation of Medicaid Reforms in Florida: The Effect of Medicaid Reform on Baker Act and Criminal Justice Encounters
17. HACT Cost Analysis
18. Technical Assistance on Criminal Justice, Mental Health and Substance Abuse
19. Pilot Study on Baker Act Evaluations and Associated Hospital Discharges and Receiving RLAI
20. The Costs of Persons with Serious Mental Illness that Become Involved in the Criminal Justice System
21. The Impact of Risperidone Long-Acting Injection Related Preferred Drug List Changes on Patient Outcomes and Costs to the Healthcare System
22. Study of the Effects of Risperdal RLAI and Oral Second Generation Anti-Psychotics on Recidivism of Individuals with an SMI that Became Engaged in the Criminal Justice System
23. Impact of Consta Related Preferred Drug List Charges on Patient Outcomes and Costs to the Healthcare System
24. Policy Analysis of Florida Prison: Penetration of Those Dealing with Mental Illness and/or Substance Abuse

Table 3: Ad Hoc Baker Act Data Reports (Created at Request of Various Stakeholders) (103 reports)
