Notice of Non-Compliance 55-026

Subject: Notice of Non-Compliance for Senator Victor Cimino

Date: March 2, 2015

This shall serve as an official notification that you are in noncompliance with Statute’s 209.3, 209.5.10, and 803.6.2

209.3 All members, representatives, and affiliates of Student Government shall conduct themselves with proper decorum at all official Student Government functions or any situations where he or she is acting as a representative of Student Government.

209.5.10 Intentionally subvert any Student Government mandated deadline

803.6.2 Contact all and meet with organizations to discuss their budget requests prior to making recommendations concerning their budget using a standardized budget request questionnaire

The following is noted to be in noncompliance: Senator Victor Cimino, in his capacity as an ASRC Senator, failed on several occasions to contact one of his assigned organizations (The Public Health Student Association). Senator Cimino was reminded several times through his official employee email from his supervisor, Senate President Pro-Tempore Abdool Aziz, that he failed to contact this organization and to meet with them as soon as possible. Senator Cimino did not follow the instructions of his supervisor, and in result Senate Chairwomen on Judiciary and Ethics Kristen Troung had to meet with the organization in order to get them funding.

By the power invested in my by Statute 102.6.3 I hereby do promulgate this notice of non-compliance

Alexander Johnson
Attorney General
I have been studying for midterms which have ended today and also they responded in a thread of emails which is very easily lost in my inbox.

Attachments: FW: Public Health Student Association 2015-16 Budget Request; FW: Public Health Student Association 2015-16 Budget Request; RE: Public Health Student Association 2015-16 Budget Request; RE: Public Health Student Association 2015-16 Budget Request

Dear Mr. Cimino,

This email shall serve as official notification of your reprimand. The Public Health Student Association has been trying to contact you multiple times with no response. I have forwarded you each email they have sent and have inquired if you were able to contact the organization. I have not received any response from you and the organization has stated they have not received a response. I have attached the multiple emails for reference. In addition, you are in violation of statutes 209.3 and 803.6.2. You have announced your resignation from ASRC after this Friday’s meeting, but this does not prohibit further disciplinary action that may range from a Notification of Non-Compliance, Censure, or Impeachment. Every member of ASRC stood in front of the Senate and made a commitment that they are capable of handling this process and representing the best interests of the student body. Finally, I am truly disappointed in the lack of dedication and professionalism you have exhibited during the ASRC student organization process. Thanks.

Sincerely,

Abdool Aziz

Senate President Pro Tempore
Chair of the Activity and Service Fee Recommendation Committee
Chair of the Senate Executive Committee
Senator for College of Arts and Sciences

University of South Florida Student Government

The Student Government Association of the University of South Florida is considered a public entity under Florida Law, and all written forms of communication are subject to the state of Florida’s public request policies. Therefore, any communication through email sent to and from this entity is eligible for public record requests and public disclosure.
Dear ASRC,

We will be meeting this Friday February 13th to discuss the remaining SG budgets and start presentation of the student org budgets. **As a reminder, please contact your student orgs by Monday Feb 9th 11:59 am.** I have printed out a stack of budget questionnaires and placed it on the empty corner desk in the Senate workroom. If need any help printing out the budgets, let me know so I can install the printer driver and give you the passcode. The password for the student org budgets is ASRC2014. When you are ready to make a recommendation into the spreadsheet, enter that password. Reminder to not make any recommendations in front of the student org. If you need additional information or clarification, email them to send you that information. The first sets of organizations will be lengthy as it will take us a few budgets to acclimate doing this as a group. Reminder to not make any promise to any organization in terms of a funding amount. If you are unclear about any rule or regulation, write it down and research it before giving an answer. If you need the email for any organization, let me know so I can find alternate contacts for you. Write down the times you are meeting with student organizations so I can input that into your clock-in so you can get paid. Let me know if you need any other information. By the way, the food for this Friday is Beef ‘O’ Brady’s wings, chicken fajitas, angus beef sliders, and cheese quesadillas. If you need anything else, let me know.

Sincerely,

**Abdool Aziz**

The Student Government Association of the University of South Florida is considered a public entity under Florida Law, and all written forms of communication are subject to the state of
Florida’s public request policies. Therefore, any communication through email sent to and from this entity is eligible for public record requests and public disclosure.
Abdool,

I would like to request closure to this issue. I have attempted on numerous occasions to contact Mr. Cimino with no response. I have attempted multiple avenues to work with student government to meet the requirements within the budget process. My organization is being penalized, not through any fault of our own, but through the lack of communication from Student Government. This has moved to the point of being unacceptable. For reference, I am a full-time graduate student, I work full-time, and I am the single-father of three children. I understand busy yet I am able to respond to an email in a timely fashion.

As a means of resolving this matter, Student Government needs to assign a representative that can respond to general inquiries and schedule a meeting to discuss our proposed budget. We are now coming up to deadlines and unfortunately, my schedule no longer is flexible. I can possible meet tomorrow at 2 PM.

Please make it a priority to address this situation. I understand that this was not an issue you caused, but it seems like you are the only one that can resolve it.

Thank you,

Abdool,

We have not yet heard about a review of our budget. When will those meetings be scheduled?

Thank you,
