David Suchet in the Footsteps of St. Peter

Saint Peter is one of the more puzzling characters in history. For many, he is the most important disciple and the “rock” of the Catholic church. But how did a simple Galilean fisherman become the first Pope? In this two-part documentary series produced for the BBC, David Suchet (who played the quirky detective in Agatha Christie’s Poirot) traces the footsteps of St. Peter – from his humble Galilean birthplace to the city of Jersusalem where a terrified Peter denies his beloved friend and teacher on the eve of the crucifixion. Along the way, Suchet seeks expertise from archeologists, scholars, and conservators. Airs Wednesday, December 17, 8-10 p.m.
