Wildest Arctic captures the awesome cinematic range of the Arctic region, including the crashes of vast glaciers, the howls of the wildest wolves and the haunting remoteness of this pure wilderness. We find wolverines, lynx and leopards in the Russian forests, polar bears and whales in the Arctic Ocean, Arctic foxes and Atlantic puffins in Iceland, and follow the 2,000-mile migration of 500,000 caribou across the tundra. This is the Arctic as you’ve never seen it before: rich in wildlife and beautifully wild! Airs Thursdays, 9 p.m., beginning February 2.
