Notice of Non-Compliance 55-009

Subject: Notice of Non-Compliance for Senator Ryan Miller

Date: October 23rd, 2014

This shall serve as an official notification that you are in noncompliance with:

Student Government Employment Policy 2.3, Class Time:

Employees are not permitted to work during class time even if the class does not mandate attendance. If class is cancelled or released early (more than 15 minutes early) and you clock in, you must submit a note from the professor (with his/her contact information) stating that the class was cancelled or let out early. This documentation must be emailed to the Office Manager within 5 business days of working during class time. The Office Manager or designee will regularly audit the hours worked for all employees against respective class schedules for said employees. Employees found working during class time will be asked for documentation showing class was cancelled/let out early. Failure to provide documentation will result in progressive disciplinary action, including possible termination.

The following is noted to be in noncompliance: Senate Miller has failed to turn in his fall academic schedule by the given deadline to SGATO. This has led to the inability for SGATO to properly audit timesheets for class time discrepancies and possible misuse of Activity and Service Fee funds.

By the power invested in my by Statue 102.6.3 I hereby do promulgate this notice of non-compliance

Alexander Johnson
Attorney General

CC:
Student Body President Jean Cocco
Student Body Vice President Rhondel Whyte
