33 Blacks Arrested In County's Roundup Of Drug Pushers

Of the 33 persons arrested during the hard narcotics raids in Hillsborough County Thursday, 32 are black, according to Major Robert-Baunsey, head of the county's vice office.

Sheriff Malcolm Beard said among these were one man they consider one of Tampa's main and largest suppliers, George H. Smith, 39, 1332 Main Street, alias "Pistol Pete," was arrested at his home and charged with two counts of selling heroin. His bond was set at $20,000.

Hillsborough County Solicitor E. J. Salcines said this raid had to be the largest roundup at one time in any major crime. "It was professionally and swiftly carried out," he said.

The raid was the result of a three month investigation by the Hillsborough County Sheriff's Office, the county Solicitor's Office and the Florida Department of Law Enforcement. For the past months seven undercover agents have been working in the West Tampa area, on 22nd Street near Lake Avenue and on Central Avenue seeking out and buying quantities of the hard drugs — heroin, morphiine, and cocaine. Of the 90 buys made by the agents, a large percentage of the transactions were recorded on tape.

When asked what this roundup would mean to the drug addicts, Salcines said there will be a lot of sick people. "By saying sick, I mean that the addicts will be sick while going through 'cold turkey' (drug withdrawal) now that their main lifelines of drugs have been cut off."

Salcines issued an alert to all druggists, physicians and pharmaceutical laboratories to take maximum precautions in storing and securing all types of drugs that may take the place of the heroin, cocaine and morphine. The law officials are anticipating a rash of burglaries by the addicts who are trying to find substitutes for the drugs.

Salcines said at 5 a.m. Thursday morning they began brief (Continued on page 3)

New Project Dir. Stresses Sincerity Among People

By MARtha WHITE

"To be involved and to be helpful in the black community as well as in the country takes less than a commitment or comfidence," said Bob Moore, recently appointed director of the Project Pride Office, 3020 Nebraska Ave.

Moore, a native of Mississippi, feels that blacks are too small in number to maintain separate schools, separate police, and separate public assistance to which blacks are entitled. He feels that blacks cannot be assimilated into our society, which means that blacks will continue to be discriminated against.

Before coming to Tampa, Moore was director of the project in Syamauree, New York. On June 18, 1960, he was in charge of the Project Pride Office prior to Moore's appointment.

The Project Pride office, operating under the governor's bill, was designed to show how the mechanisms to promote and maintain some form of residential stability and from Moore's standpoint is very successful.

One thing that Moore feels is a big handicap is the fact that he is the only individual. "A person should not be labeled for their association anywhere," Moore said. He lives in an apartment on 2nd St., at 6th St. and 5th Ave.

"One should be judged by what they can accomplish," he added.

In order for any program to be a success there has to be community involvement. It was expected that no program can be more than the people around him are pleased with the involvement of the people in this city, Moore said. I hope that my coming here can assist in making the project more positive, total success." Moore said he has visited many leading cities in the United States and has been working on efforts in the project in the past few years.

Moore said he will be made a member of the association. He feels that the only way to speed the day when job discrimination no longer will be a factor.

UNION IN THE SPOTLIGHT
To describe a person that is so well known by her beautiful personality, and her ideal to befriend everyone around the kingdom, except only be Brenda Le-
vy Strong, general manager for Mr. and Mrs. Wile H. Streeter.
Her favorite foods are anything edible. If you check the kingdom you would find Brenda serv- ing all kinds of food. She would like to dig her bother she re- sides at first place. Brenda's one of their ladies: Diana Shaw, Carrie Causey, Jack Bagley, and her main man is the one and only Dennis Stokes. She was meant to send a special hello to Horace. Congratulations Brenda L. Streeter on the birth of her wonderful little boy.

SPORTS IS THE HAPPENING
Sunday, 11:00 a.m. at H.A.MILTON'S

THOUGHT FOR TODAY
You should be king of your world famous kingdom. But listen, you should be more careful that your friends are not going to take advantage of you. Your world famous kingdom is going to be very happy if you are doing well. But there is a chance that your friends could be making things difficult for you. Be careful and watch your kingdom carefully.
